

## ON THE ISSUES:

### HEALTH CARE

Democrats believe that access to quality health care should be a right, not a privilege

### ENVIRONMENT

We must take the lead in protecting our planet and our local natural resources. Democrats are fighting to protect our beaches and important ecosystems.

### EDUCATION

Democrats believe that every child deserves a quality education. We believe in smaller class sizes and fair compensation for teachers.

### CIVIL RIGHTS

The Democratic Party believes in the Constitution and Bill of Rights. Democrats will protect the rights of every American and guarantee the integrity of the voting system.

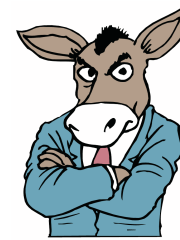

### ECONOMY

Democrats believe in fiscal responsibility and fair economic policy & labor practices. We support local and small businesses. We also believe that workers should earn a living wage.

### SECURITY

Democrats believe in using diplomacy whenever possible and military action only when necessary. We support responsible immigration reform and improving port and border security. Democrats are working to bring troops home from Iraq as soon as possible and focus on real threats to our nation.
